The guano agents of Greenville have combined and made lists of such parties as have neither settled, made satisfactory arrangements nor given satisfactory reasons for not having settled for fertilizers purchased in 1884. "I think the City Council should buy a Hook and Ladder Truck, with the necessary outfit, and turn it over to the colored citizens," said a substantial citizen the other day. We agree with him. There are a number of colored men in the city who always do good work at a fire, and by giving them the apparatus referred to they would be of more service in the future. The Council should consider this matter, and, if possible, carry out the suggestion made. We believe the taxpayers of the city will endorse the suggestion.

Abbeville Medium, 28th ult.: "Calhoun Hamlin, who now lives in Anderson County, was down last week to see his many friends and acquaintances in this place. He is happily married to a most excellent woman, and has a bright and promising boy. He devotes his whole time to farming, and last year (as bad as it was) made on a two horse farm as many as 1000 bushels of corn. This farm lies on Wilson's Creek, and the evidence of his success in raising corn is seen in his hogs, three of which weighed

104 pounds net. One of his hogs, only 14 months old, weighed 430 pounds net. He was driving as fine a pair of Kentucky bred mules as have been in town in many days. They threw the miles behind them in fine style."

As will be seen by reference to the first column of the fourth page of the INTELLIGENCER this week, an educational department has been established in our columns, with Anderson County's indefatigable and energetic School Commissioner, Col. A certain bashful young gentleman of "is city paid his favorite young lady a visit one night last week, as he is wont to do regularly once every week, and has been doing for a year or more. He has never spoken a word of love to her. During the evening in question, she asked him if he was fond of candy. "Yes, I am," he replied; "I love anything that is sweet." "Then you love me?" she asked. "Of course I do," said he in a trembling voice. "Well, why in the d—l hav'n't you said so before now. Pa is getting tired of furnishing kerosene and wood for you, and he won't stand it much longer." There is going to be a wedding some time in the future.

A most unfortunate accident occurred on the plantation of Mr. Hugh Mahaffey, near Williamson, last Sunday afternoon, resulting in the death of Henry Barnore, a 7-year old colored child. From the facts developed at the inquest, which was held by Coroner Nance on last Monday, it seems that West Richardson and John Hambleton, both colored boys, met at the house where the accident occurred. Both had pistols, and were exhibiting them to each other. One of them proposed to swap with the other. They then went out into the yard, directly in front of the door, to talk the matter over. While standing, they examined and snapped the pistols, Hambleton's was discharged, the ball entering the eye ball and penetrating the base of the brain of the child, who was sitting on the floor inside the door, producing death instantly. Hambleton says his pistol was not loaded when he first produced it, but during the conversation Richardson had placed a cartridge into it without his knowledge. The jury of inquest returned a verdict in accordance with the above facts.

Mr. Charles Eden, of Trinidad, Colorado, says: "Seeing certificates of the wonderful cures made by Brewer's Lung Restorer, I was induced to try it on my little son, who was troubled with lung or throat affection, pronounced by one physician consumption. It acted wonderfully on him, and by the time he had taken one bottle of it the cough disappeared. I am now on a visit to my parents in Georgia, but will return in a few days to my home and will take some of the Lung Restorer with me."

Cancer Conquered.

The Swift Specific Company have the most indubitable evidence as to the cure of Cancer by their famous medicine, S. S. S. Among others, John S. Morrow, an old and highly esteemed citizen of Florence, Ala., makes the following statement as to the merits of this remedy: "I have been suffering with a Cancer in my right ear, for about three years. I tried various remedies and was treated with Iodine & Potash, which produced rheumatism. My feet and legs were greatly swollen, so that I could not walk. About one year ago I was induced to try Swift's Specific, which soon removed the trouble in my limbs, and my rheumatism is now entirely gone and my Cancer is steadily improving, being better now than at any time within many years. This medicine has done me more good than anything else I have taken, and I feel that I am on the road to a speedy cure. Undoubtedly Swift's Specific is the best blood purifier in the world."

JOHN S. MORROW.

Florence, Ala., Sept. 22, 1884.

I have had a cancer on my face for many years, but without relief I almost gave up hope of ever being cured. Dr. Hardman, my son, recommended Swift's Specific, which I have taken with great results. My face is almost well, and it is impossible for me to express my thanks in words for what this medicine has done for me.
